Managed Advisory account charges

Your account will incur the following Managed Advisory account charges that will depend on the size of your 'securities portfolio'.

The Managed Advisory account charges will be assessed on the end of the month value of the 'securities portfolio' (securities such as shares, bonds, ETFs) within the account according to the following bands. The Managed Advisory account charges will not be levied on cash or cash receivables such as dividends.

- | | |
|---|---------------|
| • Securities Portfolio | Annual Charge |
| • £0- £250,000 | 0.25% (+VAT*) |
| • £250,001 - £500,000 | 0.15% (+VAT*) |
| • £500,001+ | 0.1% (+VAT*) |
| • The following minimum monthly fees apply: £0-£15,000 (no charge), £15,001-£25,000 (£5 +VAT), £25,001+ (£10 + VAT) | |

*VAT will be charged where applicable

The Managed Advisory account charges will be settled monthly, and payable from cash on account. The charges use a 'slab' approach i.e., a charge will fix according to the relevant 'slab' amount within each band.

For example: -

- £50,000 securities portfolio – 0.25% charge hence $£100,000 \times 0.25\% = £250$ per annum or £20.83 per month.
- £300,000 securities portfolio – 0.25% charge on the first £250,000 = £625 per annum plus 0.15% on the next £50,000 hence £75 per annum = £700 in total, hence £58.33 per month.

The Managed Advisory account charges can therefore change if the securities portfolio moves above/ below relevant bands by the end of the month.

The Managed Advisory account charges will be levied on advisory accounts, ISAs, SIPP, and Trust accounts.
